INFORMATION PACKAGE

Wascana Lake in Regina offers an excellent venue for the 2019 Canoe Kayak Sprint National Championships.

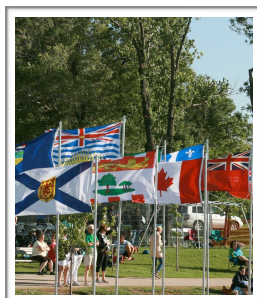

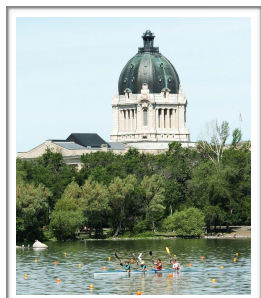

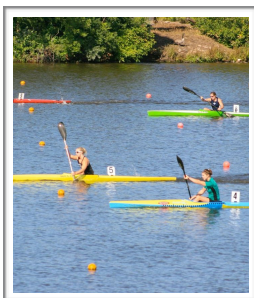

Wascana Lake is in Wascana Centre which is situated on traditional lands, referred to as Treaty 4 Territory, the original lands of the Cree (Nêhiyawak), Ojibwe, Saulteaux (Nahkawé), Dakota, Nakota, Lakota and on the homeland of the Métis Nation.

Wascana Centre is a 2300 acre urban green space and waterway park located in the heart of the city. Wascana Lake is within walking distance to downtown Regina and is a 10 minute drive from the airport. Its central location ensures easy access for those walking, biking, driving and using public transit.

Wascana Lake has been the host venue for canoe and kayak events such as the 2005 Canada Games and the national championships in 2006, 2010 and 2014. It was also the venue for the 2014 North American Indigenous Games and many inter-provincial and divisional regattas.

Wascana Lake provides the advantage of being a still water lake which is well sheltered from winds. When the lake was reconstructed in 2004, the race course was a major consideration in the design and the engineering of the new lake basin.

Athletes and coaches from across Canada consistently express their appreciation of Wascana Lake because of its fast water and top quality race course.
